

Library Challenge August 2016

Perhaps you've been somewhere and seen messages like the ones on the posters shown here. These posters were created by The Foundation for a Better Life with the intention of getting people to think about and pass on personality traits that the organization believed to be good/desirable.

What personality traits do you believe are most important? If you had to choose just one personality trait to promote, what would it be?

To participate in the August Library Challenge, you need to fill out a Positive Personality Trait entry card. (You can get one of these official entry cards from Mr. Vincelette or Mrs. Harvey.) All entry cards that are properly filled out will be posted here on the interior library windows. The winner of the challenge will be determined by a random drawing from all of the properly filled out entry cards. Prizes for the winner will include schoolwide fame, getting to choose the music that will be played at 7:25 AM on the second Friday of September, the book of your choice from Vincelette's trough of literature, AND one dozen brand-new Oriole number two pencils **(STILL IN THE BOX!!)**.

NOTE: Mr. Vincelette has been pressured to come up with better prizes... Standby for further information.

To help you get started, a list of positive personality traits is given below. For further information see Mr. Vincelette. Completed entry cards are due by 3 PM on the last Friday in August. Good luck, we look forward to your entry.
